Growing Microgreens 101
Saturday, January 18th
10 am to 11:30 am
UMaine Regional Learning Center

Learn to grow microgreens at home!
Join Instructor Pamela Hargest, UMaine Horticulture Professional, for this hands-on workshop. Learn how easy it can be to grow these tasty and nutritious little greens!
All participants will have the opportunity to taste a variety of different microgreens and sow their very own tray of microgreens to take home.

$10 per person  
Snow Date: February 1st
