Gamma Sig Stand

DATE
February 21, 11:00-2:00pm

LOCATION
University of Mine Memorial Union
Orono, ME 04469

CONTACT
Madeline Hanlon
madeline.hanlon@maine.edu

Every day, there are almost 700 new cases of childhood cancer around the world. This adds up to an estimated 250,000 new cases of cancer affect children under the age of 20 each year worldwide. And yet, childhood cancer is vastly and consistently underfunded with less than 4% of the federal government’s total funding for cancer research is dedicated to childhood cancers each year. Today, the money you donate has the potential to make a huge difference in the lives of kids with cancer (and their families). Your donation will go to research into better and safer treatments and more cures. Please don’t make these kids wait longer than they have to and give today! -Gamma Sigma Sigma

Alex’s Lemonade Stand Foundation (ALSF) emerged from the front yard lemonade stand of cancer patient Alexandra "Alex" Scott (1996-2004). In 2000, four-year-old Alex announced that she wanted to hold a lemonade stand to raise money to help find a cure for all children with cancer. Since Alex held that first stand, the Foundation bearing her name has evolved into a national fundraising movement, complete with thousands of supporters across the country carrying on her legacy of hope. To date, Alex’s Lemonade Stand Foundation, a registered 501(c)3 charity, has raised millions of dollars toward fulfilling Alex’s dream of finding a cure, funding hundreds of pediatric cancer research projects nationally. In addition, ALSF provides support to families affected by childhood cancer through programs such as Travel For Care and SuperSibs. For more information on ALSF visit AlexsLemonade.org.
